TEAM ASSIGNMENTS (GRADES 1-4)

Teams are assigned by The Parks & Recreation Department. Teams in this league will be assigned according to each child's grade level, and the school they attend. We try to keep all children at their home school but there is always the possibility that they may play for a neighboring school if there are not enough, or too many kids registered from their home school for one team. If there are enough kids from your child's grade and school to form more than one team, we will split the players up into another team. There are no "buddy requests" but we will keep same gender & grade siblings together upon request.

TEAM ASSIGNMENTS (GRADES 5-10)

Teams are assigned by The Parks & Recreation Department. We will try to assign teams according to the school each player attends. If more than one team from a school then there will be an informal draft. There are no "buddy requests" but we will keep same gender siblings together upon request.

Note: Volunteer coaches must inform the league director before the conclusion of registration if they are planning to coach with someone else. We will assign each head coach ONE assistant coach and their child upon request, but cannot guarantee multiple assistant coaches.
